2023 Award Winners

Empowering EDUCATORS TOGETHER

Child care professionals influence the lives of others every day by strengthening and supporting children, families and the community. When you partner with Action for Children's Early Childhood Educator Awards, your sponsorship helps provide early childhood educators with professional development training and coaching, technical assistance to reach Step Up To Quality goals, business and operational support, and connections to essential resources. It empowers early childhood educators who are laying a strong foundation for the success of our youngest community members.

Supporting EARLY CHILDHOOD EDUCATORS

Since 1972, Action for Children has been transforming the lives of children by supporting, empowering, and advocating for the adults who make the biggest impact on children's lives—their parents, caregivers and teachers. As central Ohio's resource and referral agency, we are committed to leading the charge for increasing access to quality early learning experiences and achieving outcomes that provide the strongest foundation for all members of our community.

AWARD SPONSORSHIP Opportunities

We also offer the opportunity to sponsor the awards at our event. The following awards have sponsorship opportunities for you to explore:

★ Hero Award

The Hero Award recognizes early childhood educators of all types who go above and beyond in their service of children and families, despite the many challenges they face. Hero Award recipients are champions and advocates for early learning, demonstrating unparalleled dedication and commitment to serving their communities.

★ Future Leader Award

Our Future Leader Award recognizes early learning professionals who are new to the field (joined within the last year), are excelling at their profession and are committed to creating a bright, successful future for children.

★ Family Child Care of the Year

The Family Child Care of the Year Award honors these critical yet often unseen educators who support children, families, and the workforce every day.
